

2017 IEEE Canada International Humanitarian Technology Conference (IHTC 2017)

Student Design Competition

TORONTO, CANADA – JULY 20-22, 2017

WWW.IHTC2017.IEEE.CA

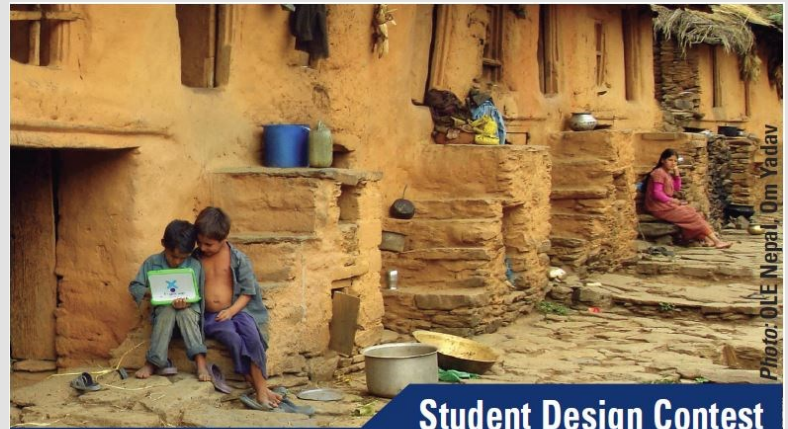

Call for Submissions

Deadline 30th April

Student Design Competition is an integral part of IEEE IHTC 2017. All engineering student projects that will promote the humanity are eligible for submission. Send a two page abstract of the project to salam.ismaeel@ieee.org.

Three cash prizes (\$500, \$300 & \$200) and certificates.

Visit www.ihtc2017.ieee.ca/students/ for more details.

Student Design Contest

Design projects seeking to solve Humanitarian issues using Technology done from July '15 to June '17 are welcomed. Judging to be based on innovation, feasibility, relevance to real-world problems and cost-effectiveness.

IHTC 2015 Student Design Contest

Design projects seeking to solve Humanitarian issues using Technology done from July '15 to June '17 are welcomed. Judging to be based on innovation, feasibility, relevance to real-world problems and cost-effectiveness.

Design projects seeking to solve Humanitarian issues using Technology done from July '15 to June '17 are welcomed. Judging to be based on innovation, feasibility, relevance to real-world problems and cost-effectiveness.

Design Competition Chair: Salam Ismaeel
